Proton.me is included.** The VSOF refuses to send any of our information to any E-mail that is known to be compromised, IE: Any e-mail associated with Microsoft, Yahoo, Google or Apple. **If you have an encrypted e-mail already like Mailfence, or the like, you do not need to create a new Proton E-mail.** Just make sure that your Revolt and Mega names match your encrypted e-mail address, or as close as possible.
 - b. The reason the VSOF requires that you set up a free proton e-mail is that **all proton-to-proton e-mails are encrypted**.
 - c. This is for our protection and yours, our privacy and yours and our anonymity and yours.

3rd Step

Click on the link below to get started. (If you already have a Mega account then set up your proton E-Mail to match your Mega Account name.

Your screen should look like the picture below.

- b. Then, in the box that will open up, enter in VSOF@protonmail.com and hit send. This will then send to Zen, the VSOF Headmaster, a contact request, which he will then promptly accept as long as your application above was accepted.
- c. Your contact request will NOT be accepted over Mega if it cannot be matched to a Revolt account or an older Guilded account, nor will any requests be accepted that cannot be matched to an accepted VSOF application properly filled out. IE: The above list of questions.

5th Step:

Join the live civics and sovereignty classes on Mega.

1. To join the live classes on Mega you must have:

VSOF lifetime members and VSOF yearly members have right to the first slots available for the class room on Mega. This class room is limited to 100 people. There is no requirement for you to join the live classes on Mega. You can always feel free to watch all the free classes online, upon the VSOF video sharing platforms, as you see fit. This 5th step is only required if you wish to join in the discussions live when class is held on Saturday nights at 8:00pm EST. Everyone who sends in their friend request will be added to the VSOF chat room on Mega.

6th Step: Join our online video platforms. (Optional if you want to be updated about new classes and videos posted.)

1. If you have not yet joined **Odysee** please use this invite link, which will help to promote the VSOF on Odysee. Odysee and Rumble are where the weekly free civics and sovereignty classes are streamed.

2. If you have yet to join **Rumble** please use this link to do so.
